

PerioGard

PerioGard is a prescription only mouth rinse that kills the bacteria in your mouth that causes cavities, white spots and swollen gums. The actual drug name is Chlorhexidine Gluconate.

Instructions for use

1. Brush and Floss thoroughly with normal toothpaste.
2. Rinse with ½ oz. (marked on the supplied dosage cup) for 30 seconds then spit out.
3. DO NOT EAT OR DRINK FOR 30 MINUTES FOLLOWING TREATMENT!
4. Do this immediately after school and prior to bed.

Don't let this be your teeth!!
